A MESSAGE FROM 2026/27
Campaign Advocates

When United Way approached us with this opportunity, we had to say yes. Among the list of United Way partners and recipients were many organizations with missions and leaders we already love and support. This role was an obvious match for us as a couple who represent divergent backgrounds and experiences that led us to the unified passion we share for community and people. We are both Aberdeen cheerleaders, but also strong advocates for the local work and resources that bring joy, dignity, and compassion to the forefront in northeastern South Dakota. We are so pleased to have this chance to support the United Way and all the work their collective effort makes possible through the organized generosity of neighbors and friends.
